

EYFS RE Curriculum

EYFS ELG Specific Area – Understanding the World

Children are given experiences to help develop their awareness, understanding, respect and appreciation of a world around them. The vast outdoor area within our school environment will help them to observe and discover seasonal changes in the world we live in.

Children learn about similarities and differences in cultures and customs through visits from family and community members. We all tell our own stories, listen to a wide range of stories and use books to learn about others and expand our vocabulary.

ELG People, Cultural & Communities

- *Know some similarities and differences between different religious and cultural communities in their country, drawing on their experiences and what has been read in class.*

Curriculum Goals including Skills and Knowledge

KNOW the people who are there to help them
CARE and **RESPECT** for living things
APPRECIATE and **RESPECT** different religious and cultural communities locally and around the world
To **RECOGNISE** and **COMPARE** similarities and differences in the world around us
