Dear Parents and Carers,

Re – School Values

As you will be aware from the newsletter and school development plans, we are in the process of reviewing our school values. This to create a very strong identity for our school. It is important as it will help people to know what we stand for, and what to expect from people in our school.

The staff and pupils have shared their ideas, so now I would like to see how parents feel by answering 3 simple questions in [this survey](#).

You will be asked to tell me:

1. What are the top 3 most important things your child will learn at school?
2. What are the top 3 words you would use, to describe what you would like your child to be like when they leave Primary School?
3. What are the top 3 words you would use, to describe how you would like your child to feel when they are at school?

If you could keep your response to just 3 words for each question that would really help. For example, in response to question 2 you might write: *confident, kind, curious*.

Please could you complete the survey by **Friday 9th February** then I will collate everyone's responses and share them with you. Thank you in advance.

Yours sincerely,

Becky Ford
Headteacher
