Dear Parents and Carers,

Re: School Values

Following lots of discussion and hard work from our whole community, I am delighted to finally share the agreed school values. These are going to become an important part of life at Woodston as we develop our ways of working together and achieving our goals.

There are two documents attached with this letter.

The first is a copy of the school values and a reminder of the Trust values so you can see how these link.

The second is a very exciting opportunity for your child to enter a competition. We are asking them to design a symbol or icon to match a value, or values. The winning designs will be transferred into digital images, so they can easily be shared on documents throughout the school. There will be prizes for the overall winning designs and runners up.

The children have learned about icons and the school values in assemblies, so should have some understanding and prior knowledge of the competition. If your child would like to enter, they can request a copy of the competition form in school and we will print it for them. Alternatively, you can print it at home.

Any questions, please don't hesitate to ask. I can't wait to see the children's designs; I think the competition will be very tough to judge!

Yours sincerely,

Becky Ford
Headteacher
