

Time to talk...

With the help of a grown up, organise a time to video call your friends and family. Ask them how they have been and what they have been up to. How many different people can you talk to?

Let's Wonder...

Who is in your family?
What does family mean? Where does your family live?

This week... Family!

Let's get active...

Ask everyone in your house their favourite song. Throughout the week, play these songs and have a dance party! You could have this party whilst video calling.

Let's create...

Create a family tree. You can do this through a drawing, or by making an actual tree. You can practise writing everyone's names and how they are related. You could even use a computer to make one. You can include whoever you want to!
