

L.I. To discuss a book and write questions

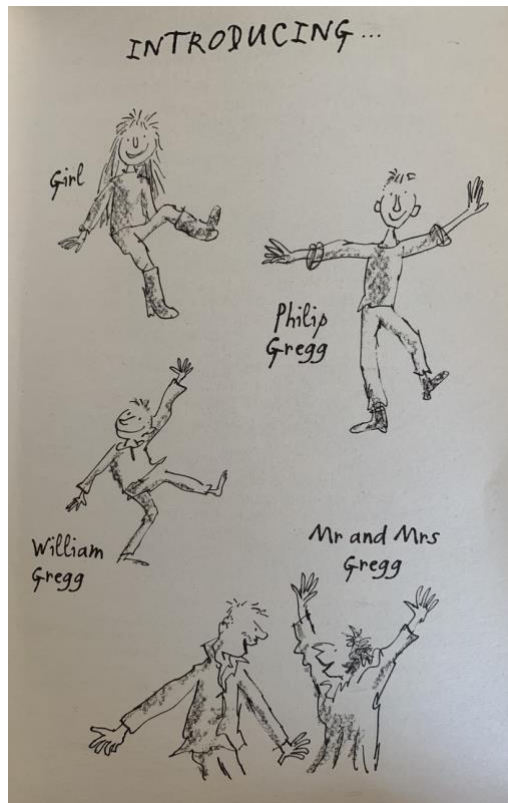

What does the picture remind you of?

What do we know about the girl? Would you like to meet her? Encourage children to give reasons.

What would you like to know about the girl? Does anything puzzle you?

What do you think the girl is thinking? Why do you think that?

Who might these people be?

Why does 'girl' not have a name?

What kind of mood do they appear to be in?

What do you think the relationship between them is?

Does this tell you anything else about the girl that you didn't know from the first picture?

Can you predict what each of the characters may be like?

**Can you write some questions that you have for the girl?
What would you like to find out?**
