

Time to talk...

Watch a video or read a book about under water animals. Talk about what animals you saw and what they look like. Remember to use full sentences.

Type 'live underwater cams' into Google.

This week... Under Water!

Let's Wonder...

What lives under the water? Could we live under the water? Why? Can animals live in puddles?

Let's get active...

Watch Cosmic Kids Yoga – Popcorn the Dolphin

Go for a walk around your house and see if you can spot any water.

Let's create...

Create an underwater scene with crayons, paint, chalk, pencils, paper, cotton wool alongside anything else you can find.
Can you label your creation?
