

Autobiography by David Garwolinski

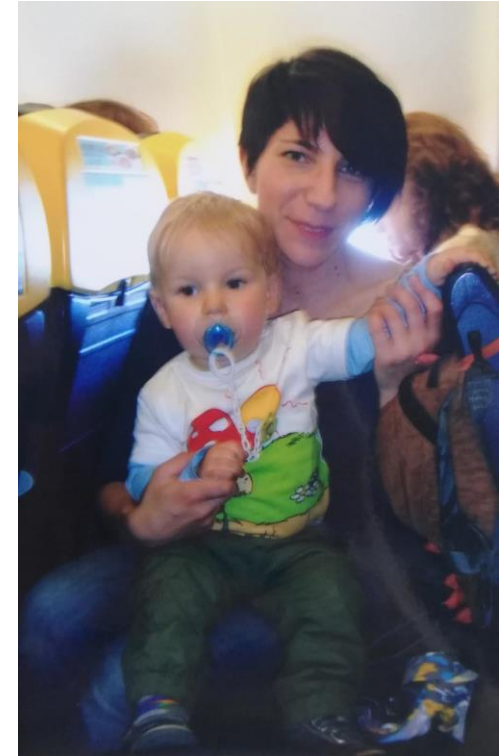

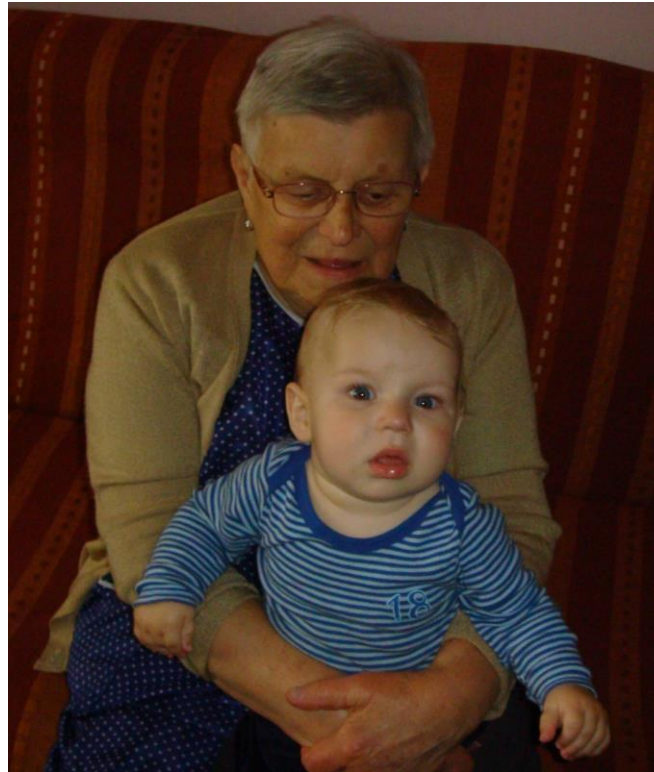

I was born on 1st October 2021 in Peterborough . I made my parents so happy. I was a long expected baby. My both grandparents came to see me.

My 1st year of life was very interesting. I smiled for the 1st time to my Mum when I was 5 weeks old, I had my 1st solid food when I was 5 months old, I started crawling and I said my first word "Tata" (Dad), and I had my 1st tooth at the age of 8 months.

When I was 9 months old I travelled to Poland for the 1st time to visit my family. I cried during the flight.

I was baptised in Poland at the age of 10 months and we spent long holidays there enjoying the summer.

I started the nursery when I was 11 months old . It was called "Smart Kids Nursery."

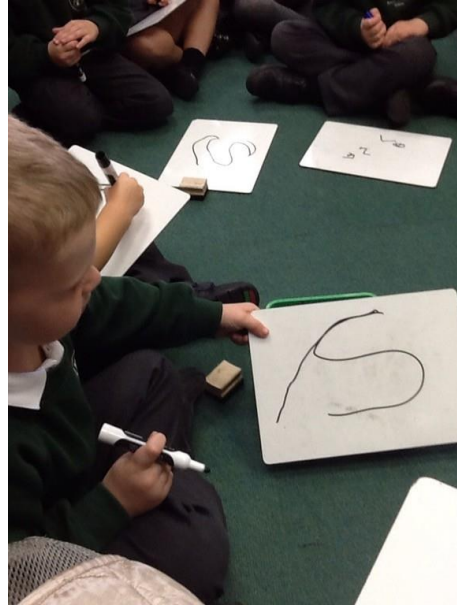

I started walking two weeks before my 1st birthday. I had a lovely 1st birthday party.

My parents got married on the 1st August 2015 and my special job was to carry the wedding rings on a small pillow.

I joined the Woodston family and Reception class in September 2017.

My little brother, Jakub, was born on the 25 October 2018 and since that time we play together every day.
